## COMPANY PROFILE

## Who We Are

Cristina Travel Corporation was founded by businessmen who were dissatisfied with the quality of service they had been receiving for travel. The group decided to convert their pressing problem into a promising business opportunity and formed Cristina Travel with the demands of the business traveler in mind. With over twenty years of providing professional and quality services to its valuable clientele, Cristina Travel has expanded from businessmen to corporations, professionals to professional associations, from government officials to government agencies and from individuals to organizations.

Despite the challenges Cristina Travel faced from 2020-21, our company decided to maintain its operations so that it could continue to serve its valuable clients by providing guidance during this difficult period in travel. We are committed to our customers and we hope share this commitment with you, should you give us the opportunity to serve your corporate travel needs as well.

## COMPANY PROFILE

## Our Services

We can provide our customers with a full suite of travel products. We can provide such basic services as flight ticketing, hotel bookings, tour packages and documentation services. We can also provide value added services to clients such as organizing sales incentives, team-building activities and educational tours. Our experienced tour operators from around the world allow us to customize our tours to our clients requirements.

With the pandemic, we have expanded our documentation services to include passport application and renewal, visa assistance, travel insurance and RT-PCR testing.
